What's New in the AutoCAD?

Work with the Markup Assistant to complete your design with ease. The Markup Assistant organizes design feedback into separate comments and lists, which allows you to quickly find and accept or reject feedback. (video: 2:44 min.) User Interface: Compose using the New Tab or Grouping Tab. You can now group multiple windows or panes of the same type to create new tabs. (video: 1:22 min.) Elements: Use the new AutoCAD Console with Collections. The new AutoCAD Console provides a command-line interface

(CLI) that accesses and manipulates attributes and geometric entities using the attributes and values of the objects. (video: 1:43 min.) Add Layer Rulers to the HVLC added to the Document Properties Window. Use Layer Rulers to help control for fit and add vertical and horizontal guidelines. (video: 3:00 min.) New 3D Tools: Draw in 3D using true planar surfaces. Navigate through and edit in 3D with the New Tab and Navigation Window. Use the new Extrude command to create 3D surfaces. (video: 1:32 min.) Built-in Constraining Guide: Add commands to your workspace. The built-in Constraining Guide keeps your drawing axis aligned to fit a tolerance of +/-3 millimeters. (video: 1:43 min.) Integrated Software Updates: Quickly receive AutoCAD updates and software compatibility information. The Update Center is available in all AutoCAD applications. The Update Center also displays information about upgrades and compatibility. (video: 1:08 min.) Document Sets: Create new Document Sets for use in AutoCAD. Create one or multiple sets of drawings for a project. Use the My Doc Set and My Doc Set New commands to access your sets. You can now update the project set from within the application. (video: 3:17 min.) Version History: Now includes a list of recently opened drawings and applications used. (video: 1:36 min.) Updated Wi-Fi for faster connection to networks. (video: 1:42 min.) Autocad for Mac 2020: Updated to version 20.2.1. Export image resolution settings to native macOS image formats, for high-quality images for the Web, email and more
