Please ask your local yarn artist if your project calls for that particular colorway, and you can then buy the "fancy" Burgundie, you just have to hang on a bit to the end for that hand dyed experience. You get what you pay for.... These balls come in about a colorway at a time, and they are \$2.50 per ball, so I think it's a pretty damn good deal. Think of how many balls you'll buy once you add up the infinite colors. I will gladly match the colorway for you, but please be patient, the color checker will be ready in due time. Thanks for participating in our Halloween Bake Sale and look forward to your comment. Body: Burgundie Fiber Arts This company is local to Portland. Burgundie is only a few great people with great experience in the yarn crafting business. They are a seasoned group of always willing to service the yarn crafter while they buy yarn balls from them. I am honored
