Native Instruments Monark V1.0 Win Mac is now released. They have fixed an attack time issue that affected some users. The MaxSend Delay feature is a part of the Reaktor 6 plugin as well. It's time for a nice User Manual to give a nice overview on the features and their use. And to work around the crashes and remaining bugs that remain in Reaktor 6. This is an upgrade pack for Reaktor 6, it contains the following new features. The MaxSend Delay feature will allow you to apply the same effect as the MaxSendRequeTime from the "With delay" dialog to your Send button. To use it, simply enable it and enter the delay in milliseconds to apply. R2R
