## Ludacris, Release Therapy Full Album Zip BEST

The instrumental -- not unfamiliar to anyone who's heard the song -- changes keys on one of the bridges, but the song isn't a terrible addition to the album, especially as a Who-fu whistle-along. If you're looking for "Spaz," you're gonna be disappointed. I got the opportunity to work on some of the best groups that were coming out at the time and I was into drugs, drinking and partying so hard that I wasn't really writing a song. I was really like, I'm too busy having a good time to write a good song. So that's probably why it's so mellow. Ludacris has already released a tremendous amount of music since 2006, and from an objective standpoint, it's been a pretty good time for rap. The genre has a massive number of names at the top of the game, with Drake, Kanye West and Kendrick Lamar currently dominating the top of the Billboard charts with, respectively, *More Life*, *Good Ass Job* and *To Pimp a Butterfly*. And even with Luda having more or less fallen by the wayside in the public eye with the return of Hova at a lackluster VMAs appearance, even the birthday party left fans from both sides of the aisle pretty convinced that they knew it was business as usual. If the BBMAs are truly about the music, they may just have to give props to a guy who didn't spend a moment of his life thinking about whether he'd make history by becoming the first rapper ever to take home a trophy in four consecutive years. Ludacris: I had an interview the other day with Dr. Drew that I found to be pretty funny. He [was] talking about the -- how long it took me to be on that path. People don't realize that I've been in this rap game for over 13 years. I was in the office for a little while doing tv spots, and I did Yo! MTV Raps, but I was never a rapper. I never learned how to rap on any level. I didn't have a band. I didn't have a major record deal. I wasn't writing my own songs. So it just wasn't part of my life.

**Ludacris, Release Therapy Full Album Zip**

Greg Kurstin, the executive producer, only wishes he'd gotten to work with Ludacris on his debut project; he still loves the beats. And he was gratified to learn that Luda was listening to "Purple Crown" and "Love a Thon" while he was shooting videos for them on his phones

---

and iPads. "It's always exciting," he says, "to hear that they're getting absorbed into their lives and the world." The White Stripes and Dr. Dre, Slate has learned, do in fact meet. The two music executives recently sat down for a long, silent lunch at Luda's Los Angeles home. Dre joined Luda at the table because he wanted to read his

---

new book, "Been There, Done That: Hip-Hop and the Reinvention of Success." They talked about rap and the power of the Golden Age. With Dre, "People don't understand that I'm a singer," an increasingly upbeat Ludacris told the Los Angeles Times last year. "My raps are just an instrument for me, because that's how I

---

sound and that's how I feel, and I know that a lot of times, people take them as raps when I'm talking about my life because that's how I rap." Still, he understands rap. That's what he loves best, he told the Times, "because it means I can tell my story." } @Test public void testQueryParam() throws Exception { //Test a small test

Providing your home with window tinting is one of the best ways to keep your home cooler on hot, sunny days. Window tint can provide your home with a fresh, natural look and can simultaneously block out harmful ultraviolet radiation, making your

---

home safer and more comfortable. A solar-control film applied to your home's glass windows can prevent solar heat from entering the home and can keep those inside hot during the hottest days of the year. It also blocks out harmful ultraviolet rays from the sun which can cause serious skin and eye damage. Window

---

tinting can not only help to keep your home cooler and safer, but can also improve your home's air quality. Blocking out the sunlight can keep your home cool and prevent heat from building up, which could decrease your energy costs.
